A Message From Autism Society Central Virginia and the Hampton Park Men's Club

The Autism Society Central Virginia (ASCV) is a non-profit organization serving hundreds of families and individuals living and working with Autism Spectrum Disorders in the Greater Richmond area. The mission of the ASCV is to promote life-long access and opportunities for persons within the autism spectrum, and their families, to be fully included, participating members of their communities through advocacy, public awareness, education and research related to autism. The ASCV chapter relies primarily on private donations to fulfill this mission. In addition to providing most of the monthly offerings free and open to the public, ASCV annually awards tuition assistance to camps and private schools that serve individuals with autism that demonstrate financial need.

Your participation in this event as a golfer or sponsor will help fund these endeavors and positively impact the lives of those families living in Central Virginia and experiencing the affects of Autism daily. Your generosity is greatly appreciated.
